HARIVASAN V

Computer Science (AI & ML) Undergraduate
Chennai, India | 9884234709 | harivasan068@gmail.com | linkedin.com/in/harivasan-v

B.E. Computer Science (AI & ML) undergraduate with hands-on experience in Python and Flask development, backend logic, and core machine learning concepts. Comfortable working across the stack, from database design to debugging live applications, and experienced in coordinating technical events and industry outreach as Public Relations & Industrial Relations Head of TechSpark Club. Looking for a Software Development, AI/ML, or Python Developer internship where I can contribute and keep learning.

EDUCATION

Rajalakshmi Institute of Technology, Chennai *Sept 2024 - Expected Mar 2028*
B.E. Computer Science and Engineering (AI & ML) | CGPA: 7.03
Higher Secondary Education (HSC) *Jun 2023 - Mar 2024*
Christ The King Matriculation Higher Secondary School, Kumbakonam
Secondary School Education (SSLC) *Jun 2021 - Jun 2022*
Christ The King Matriculation Higher Secondary School, Kumbakonam

INTERNSHIP EXPERIENCE

Python Developer Intern - Navodita Infotech *Apr 2025 - May 2025*
- Worked on Python-based web application development using the Flask framework.
- Developed and integrated features connected to a MySQL database.
- Handled backend logic, debugging, and basic API integration tasks.
- Collaborated with the development team to deliver functional, tested features.

LEADERSHIP EXPERIENCE

Public Relations & Industrial Relations Head - TechSpark Club *Jun 2025 - Present*
- Coordinate public relations and industry collaboration initiatives for the club.
- Build connections with industry professionals, companies, and technical communities.
- Organize hackathons, workshops, and tech talks to support student learning and exposure.
- Manage event planning, sponsorship communication, registrations, and promotions.
- Lead cross-functional teams to ensure successful execution of technical and non-technical events.

PROJECTS

Smart Event Registration & Attendance Management System *Flask, SQLite, OpenCV*
Full-stack web application for event registration and QR-based attendance tracking, built for use during TechSpark Club events.
- Implemented QR code generation and a scanner-based attendance flow using OpenCV.
- Added an admin view to export attendance data as downloadable reports.

QuantumMed ExplainAI *Python, FastAPI, Deep Learning*
AI-assisted tool exploring medical image analysis with deep learning to support early disease detection.
- Set up a FastAPI backend to serve model predictions on uploaded medical images.
- Studied and applied basic explainability techniques to make model outputs easier to interpret.

Daily Expense Tracker *Python*
Command-line tool to log, view, and manage daily expenses.
- Built core features to add, view, and categorize expenses using file-based storage.
- Structured the code to make it easy to extend with new expense categories.

RESEARCH & PAPER PRESENTATION

Energy-Aware Cluster-Based Routing Protocol for Underwater Communication Networks
- Successfully presented at ICGETEI 2026 – 6th International Convention on Green Environment, Technology & Entrepreneurship through Innovation.

Amity University Rajasthan, Jaipur | August 19–21, 2026 | Certificate of Participation

TECHNICAL SKILLS

Programming: Python, C, SQL
Web Development: HTML, CSS, JavaScript (Basic), Flask
Database: MySQL, SQLite
Machine Learning: Pandas, NumPy, Scikit-learn (Basic)
Tools: VS Code, Git, GitHub, Jupyter Notebook, Postman

SOFT SKILLS

Communication | Leadership | Teamwork | Problem Solving | Time Management | Adaptability

CERTIFICATIONS

Python Programming (Basic) | C Programming (Basic) | Introduction to Artificial Intelligence | WordPress Workshop | Navodita Infotech Internship Certificate

ACHIEVEMENTS

- Promoted to Public Relations & Industrial Relations Head of TechSpark Club for demonstrating leadership initiative.
- Organized technical events and workshops through TechSpark Club.
- Completed a Python development internship at Navodita Infotech.
- Participated in hackathons and technical workshops.
